NDAA SECTION 889 COMPLIANCE STATEMENT

Declaration

SAREME UAB, acting as the authorized distributor of viSar-branded products, hereby declares, based on written confirmation from the original equipment manufacturer, that the viSar product models listed in Annex A comply with the applicable requirements of NDAA Section 889.

Annex A contains the complete list of viSar products covered by this declaration and may be publicly distributed.

The listed products do not incorporate covered video surveillance or telecommunications equipment or services from entities prohibited under the applicable Section 889 requirements. This statement applies only to the exact models, hardware revisions and configurations confirmed by the manufacturer.

This is a supplier compliance declaration, not an independent government certification, product approval, or guarantee of eligibility for every U.S. government procurement. The purchaser remains responsible for assessing the intended use, applicable rules, and any required representations.

Manufacturer verification and confidentiality

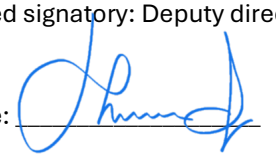

This declaration is supported by written compliance verification provided by the original equipment manufacturer. Supporting manufacturer documentation is maintained by SAREME UAB as confidential supplier records.

Validity and changes

This statement remains valid until superseded or withdrawn, provided that no changes affecting NDAA Section 889 compliance are introduced to the listed products.
